

QMS Performance & Change Management Analytics

Wolf Analytics portfolio demonstration using 100% synthetic quality-system data. Scenario targets are portfolio targets, not industry benchmarks.

Management Priorities

4 KPI areas currently require management action.

2 KPI areas currently meet the portfolio target.

KPI	Value	Target	Status
Overdue quality events	20.0%	10.0%	ACTION
Overdue CAPAs	11.1%	10.0%	ACTION
Capability coverage	90.8%	95.0%	ACTION
Single-point-of-failure exposure	12.5%	10.0%	ACTION

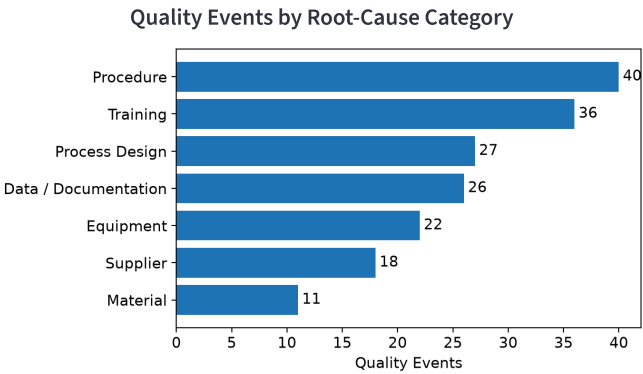

Executive KPI Overview

Open Quality Events 40	Overdue Open Events 8 20.0% of open quality events	High-Risk Open Events 11	Open CAPAs 18 2 currently overdue
CAPA Effectiveness 91.0%	Median Change Cycle 26 days	Mean Capability Coverage 90.8%	Single-Point Failures 1

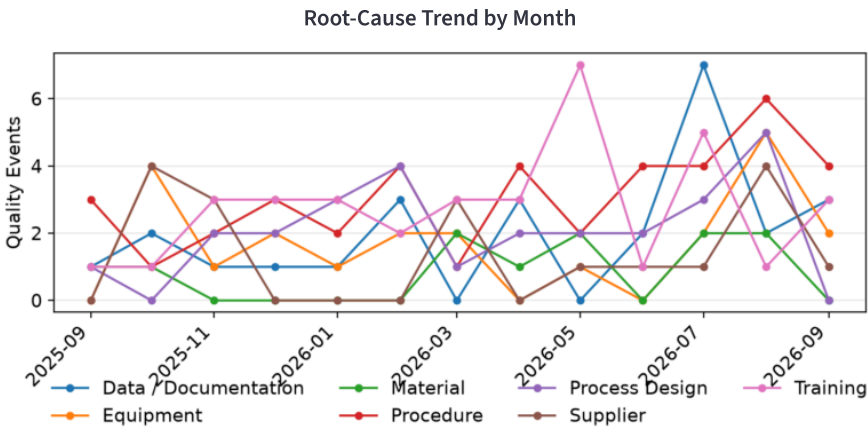

Quality Event Aging and Risk

Event ID	Event Type	Severity	Root Cause	Age, Days	Target
QE-0059	Investigation	High	Data / Documentation	65	
QE-0140	Complaint	High	Equipment	64	
QE-0156	Complaint	Critical	Data / Documentation	44	
QE-0009	Investigation	High	Process Design	21	
QE-0008	Complaint	Critical	Data / Documentation	14	
QE-0085	Complaint	High	Supplier	13	
QE-0070	Investigation	Critical	Procedure	7	
QE-0093	Complaint	Critical	Supplier	6	
QE-0078	Investigation	High	Data / Documentation	5	
QE-0033	Investigation	High	Procedure	4	

Root-Cause Frequency and Risk

Root Cause	Total Events	Open Events	Overdue Events	High-Risk Op
Procedure	40	10	0	
Training	36	3	0	
Process Design	27	7	3	
Data / Documentation	26	7	2	
Equipment	22	7	2	
Supplier	18	4	1	
Material	11	2	0	

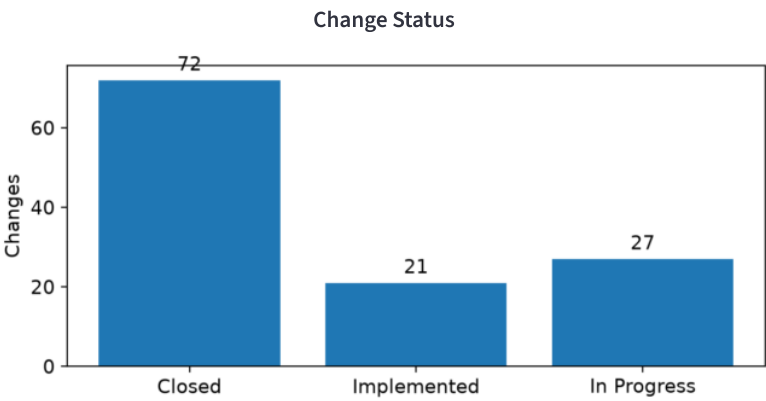

CAPA Performance

Total CAPAs	Overdue Open CAPAs	Effectiveness
95	2	91.0%

CAPA ID	Source	Opened Date	Due Date	Status	Effectiveness R
CAPA-0062	Complaint	2026-07-03	2026-08-19	Open	Pending
CAPA-0017	Trend	2026-07-15	2026-09-08	Open	Pending
CAPA-0008	Investigation	2026-07-14	2026-10-06	Open	Pending

Training and Organizational Capability

Process	Qualified Personnel	Required Coverage	Backup Personnel
Change Management	4	5	
QMS Metrics	4	5	
Supplier Quality	5	6	
Complaint Handling	5	6	
CAPA	1	1	
Investigation / RCA	5	5	
Document Control	5	5	
Risk Assessment	4	4	

Single-Point-of-Failure Exposure

CAPA currently meets its nominal staffing requirement, but the process has no qualified backup coverage. This creates an organizational resilience risk.

Process	Qualified Personnel	Required Coverage	Backup Personnel
CAPA	1	1	0

Management Review Status

KPI	Value	Target	Status	Manag
Overdue quality events	20.0%	10.0%	ACTION	Open c
Overdue CAPAs	11.1%	10.0%	ACTION	CAPA t
CAPA effectiveness	91.0%	90.0%	PASS	Review
Median change cycle	26 days	30 days	PASS	Review
Capability coverage	90.8%	95.0%	ACTION	Cross-f
Single-point-of-failure exposure	12.5%	10.0%	ACTION	Reduc

All records and KPI values shown in this dashboard are derived from synthetic portfolio data.
